27.201-2 Contract clauses.

(a)

- (1) Insert the clause at <u>52.227-1</u>, Authorization and Consent, in *solicitations* and contracts except that use of the clause is-
- (i) Optional when using simplified acquisition procedures; and
- (ii) Prohibited when both complete performance and delivery are outside the *United States*.
- (2) Use the clause with its *Alternate* I in all R&D *solicitations* and contracts for which the primary purpose is R&D work, except that this *alternate shall* not be used in *construction* and architectengineer contracts unless the contract calls exclusively for R&D work.
- (3) Use the clause with its *Alternate* II in *solicitations* and contracts for communication services with a common carrier and the services are unregulated and not priced by a tariff schedule set by a regulatory body.
- (b) Insert the clause at <u>52.227-2</u>, Notice and Assistance Regarding Patent and Copyright Infringement, in all *solicitations* and contracts that include the clause at <u>52.227-1</u>, Authorization and Consent.

(c)

- (1) Insert the clause at <u>52.227-3</u>, Patent Indemnity, in *solicitations* and contracts that *may* result in the delivery of *commercial products* or the provision of *commercial services* unless-
- (i) part 12 procedures are used;
- (ii) The simplified acquisition procedures of part 13 are used;
- (iii) Both complete performance and delivery are outside the *United States*; or
- (iv) The *contracting officer* determines after consultation with legal counsel that omission of the clause would be consistent with commercial practice.
- (2) Use the clause with either its *Alternate* I (identification of excluded items) or II (identification of included items) if-
- (i) The contract also requires delivery of items that are not *commercial products* or the provision of services that are not *commercial services*; or
- (ii) The *contracting officer* determines after consultation with legal counsel that limitation of applicability of the clause would be consistent with commercial practice.
- (3) Use the clause with its *Alternate* III if the *solicitation* or contract is for communication services and facilities where performance is by a common carrier, and the services are unregulated and are not priced by a tariff schedule set by a regulatory body.

- (1) Insert the clause at <u>52.227-4</u>, Patent Indemnity-Construction Contracts, in *solicitations* and contracts for *construction* or that are fixed-price for dismantling, demolition, or removal of improvements. Do not insert the clause in contracts solely for *architect-engineer services*.
- (2) If the *contracting officer* determines that the *construction* will necessarily involve the use of structures, *products*, materials, equipment, processes, or methods that are nonstandard, noncommercial, or special, the *contracting officer may* expressly exclude them from the patent indemnification by using the clause with its *Alternate* I. Note that this exclusion is for items, as distinguished from identified patents (see paragraph (e) of this subsection).
- (e) It *may* be in the Government's interest to exempt specific U.S. patents from the patent indemnity clause. Exclusion from indemnity of identified patents, as distinguished from items, is the prerogative of the *agency head*. Upon written approval of the *agency head*, the *contracting officer may* insert the clause at 52.227-5, Waiver of Indemnity, in *solicitations* and contracts in addition to the appropriate patent indemnity clause.
- (f) If a patent indemnity clause is not prescribed, the *contracting officer may* include one in the *solicitation* and contract if it is in the Government's interest to do so.
- (g) The *contracting officer shall* not include in any *solicitation* or contract any clause whereby the Government agrees to indemnify a contractor for patent infringement.
