237.7201 Educational service agreement.

(a) An educational service agreement is not a contract, but is an ordering agreement under which the Government may order educational services.

(b) Educational service agreements provide for ordering educational services when-

(1) The Government pays normal tuition and fees for educational services provided to a student by the institution under its normal schedule of tuition and fees applicable to all students generally; and

(2) Enrollment is at the institution under the institution's normal rules and in courses and curricula which the institution offers to all students meeting admission requirements.
