

2-2. Program Hierarchy Structure and Roles and Responsibilities

The GPC Program is founded on a six-tiered hierarchal reporting chain of command system identified in Figures 2-1 and 2-2. The formal names associated with specific roles within this hierarchy are often used interchangeably with the corresponding level of authority within the hierarchy. For instance, A/OPCs may be referred to as Level 4s, and the Army GPC CPM is often referred to as the Level 2. Table 2-1 describes the GPC roles in PIEE and JAM.

Notes:

1. Individuals who already have active PIEE accounts do not need to “register,” but rather self-initiate by adding a role, or responding to a request to add a role(s) for which they have been nominated (i.e., Certifying Officer, A/BO, and CH).
2. Most PIEE applications require users to self-initiate their PIEE role request. Some GPC JAM roles, as indicated in this column, are nominated by A/OPC, OA/OPC, or DD577 Appointing Authority. For roles that are nominated, the nominator and other individuals in the nominee’s hierarchy with the appropriate permissions need to initiate the appointment once the supervisor approves the role request.
3. GPC Delegation of Authority and Appointment Letter is equivalent to appointment on an SF 1402, Certificate of Appointment (i.e., Contracting Officer Warrant).
4. Also called Billing Accounts.
5. If the Component Resource Manager does not have PIEE access, they can accomplish their tasks by clicking on a link in an email within three business days. However, without PIEE access, they cannot run reports or see the status of pending, current or terminated delegations.
6. Supervisors receive email notifications with links to complete tasks.
7. All contractor personnel must have signed appropriate nondisclosure statements.
