## 411.170 Brand name or equal.

- (a) A "brand name or equal" purchase description shall include the following type of information:
- (1) Identification of the item by generic description.
- (2) Make, model number, catalog designation, or other description, and identification of a commercial catalog where it is listed.
- (3) Name of manufacturer, producer, or distributor of the item and complete address.
- (4) All salient characteristics of the "brand name or equal" product or products which have been determined by the requisitioner to be essential to the Government's minimum requirements.

(b) [Reserved]
