DL 1-490 (Rev. 10/03)

INSTRUCTIONS FOR COMPLETING THE DL 1-490

General Instructions: Agencies should consult DLMS 2-836, as well as the cited provisions of the Federal Acquisition Regulation (FAR) and Department of Labor Acquisition Regulation (DOLAR), as they prepare submissions to the PRB. Agencies also should ensure that their submissions are concise, but complete.

Item 1. Provide a one sentence title to describe the type of grant, contract, or cooperative agreement, and a short description of the purpose of the requested action. The total dollar threshold should include proposed optional periods of performance and additional services.

Item 2. FAR references may be found at http://www.arnet.gov/far/loadmainre.html; the Department of Labor Acquisition Regulation (DOLAR) may be found at http://www.dol.gov/dol/allcfr/Title_48/Chapter_29.htm; and all other references may be found at:http://www.labornet.dol.gov/DCS_FileSystem/DLMS2Administration/dlms2_0800.doc. If the proposed action is a grant or cooperative agreement, please provide the specific legal authority, including citation (e.g. Section _____ of the ____ Act, ____ U.S.C. _____), for the grant or cooperative agreement. You also may wish to consult the division of the Office of the Solicitor that serves your agency.

Item 3. The company or organization (including sub-organization) should be identified.

Item 4. The OASAM/Business Operations Center/Office of Acquisition and Management Services/Division of Acquisition Management Services may be able to assist you in this effort.

Item 5. Sole source justifications are summarized below. Please note, however, that authorizing program statutes or appropriation laws sometimes include specific provisions restricting non-competitive actions. In those cases, the statutory authority supercedes the authority outlined below and the statutory authority should be cited in your response to item 5.

Contract Authority:

- FAR 6,302-1 Sole Source and no other supplies or services will satisfy agency requirements
 (i) unsolicited proposal
 - (ii) follow on to competed action for a major system.
 - (iii) rights in data, patent rights, copyrights or secret processes make supplies available from only one source.
- FAR 6.302-2 Unusual and compelling urgency.
- FAR 6.302-3 Industrial mobilization; engineering, developmental, or research capability; or expert services for dispute resolution.
- FAR 6.302-4 International agreement.
- FAR 6.302-5 Authorized or required by statute.
- FAR 6.302-6 National security
- FAR 6.302-7 Public interest (requires Secretarial and Congressional approval)

Grant Authority: DLMS 2, Chapter 800, Section 836(g):

- A non-competitive award is authorized or required by the statute funding the program.
- (2) The activity to be funded is essential to the satisfactory completion of an activity presently funded by DOL, wherein competition would result in significant or real: harm (further harm) to the public good; expenses in excess of any potential savings to the Government; disruption to program services; duplication of work at additional cost to the Government; or delay in the time of program completion.
- (3) Services are available from only one responsible source and no substitute will suffice; or the recipient has unique qualifications to perform the type of activity to be funded.
- (4) The recipient has submitted an unsolicited proposal that is unique or innovative and has outstanding merit.
- (5) The activity will be conducted by an organization using it's own resources or those donated or provided by third parties, and DOL support of the activity would be highly cost effective.
- (6) It is necessary to fund a recipient that has an established relationship with the agency in order to: (A) Maintain an existing facility or capability to furnish services or benefits of particular significance to the agency on a long term basis; or (B) Maintain a capability for investigative, scientific, technical, economic, or sociological research.
- (7) The application for the activity was evaluated under the criteria of the competition for which the application was submitted, was rated high enough to have deserved selection under that competition, and was not selected for funding because the application was mishandled by the Department.
- (8) The Secretary has determined that a noncompetitive award is in the public interest. This authority may not be delegated.

Item 7. Ratification, as used in this subsection, means the act of approving an unauthorized commitment, by an official who has the authority to do so. The attached document should include: a brief description of what was acquired without authority; any mitigating statements; and a findings and determination by the Agency head that the statements are accurate, including a Contracting Officer's determination that the price is fair and reasonable, with a recommendation for payment and the concurrence of legal counsel (SOL/ETLS) with that determination.

Item 8. Conflict of Interest Certifications are necessary with each DL 1-490 submitted to the PRB. Approval may not be granted without proper signature. Conflict of Interest certifications are personal to the individual signing and may not be signed or delegated by one person on behalf of another.

NOTE: The Procurement Review Board reviews these requests and makes a recommendation to approve/disapprove to the Assistant Secretary for Administration and Management based on the merits of the case provided in the request.

- (3) Services are available from only one responsible source and no substitute will suffice; or the recipient has unique qualifications to perform the type of activity to be funded.
- (4) The recipient has submitted an unsolicited proposal that is unique or innovative and has outstanding merit.
- (5) The activity will be conducted by an organization using it's own resources or those donated or provided by third parties, and DOL support of the activity would be highly cost effective.
- (6) It is necessary to fund a recipient that has an established relationship with the agency in order to: (A) Maintain an existing facility or capability to furnish services or benefits of particular significance to the agency on a long term basis; or (B) Maintain a capability for investigative, scientific, technical, economic, or sociological research.
- (7) The application for the activity was evaluated under the criteria of the competition for which the application was submitted, was rated high enough to have deserved selection under that competition, and was not selected for funding because the application was mishandled by the Department.
- (8) The Secretary has determined that a noncompetitive award is in the public interest. This authority may not be delegated.

Item 7. Ratification, as used in this subsection, means the act of approving an unauthorized commitment, by an official who has the authority to do so. The attached document should include: a brief description of what was acquired without authority; any mitigating statements; and a findings and determination by the Agency head that the statements are accurate, including a Contracting Officer's determination that the price is fair and reasonable, with a recommendation for payment and the concurrence of legal counsel (SOL/ETLS) with that determination.

Item 8. Conflict of Interest Certifications are necessary with each DL 1-490 submitted to the PRB. Approval may not be granted without proper signature. Conflict of Interest certifications are personal to the individual signing and may not be signed or delegated by one person on behalf of another.
