

SUBPART 9.1 - RESPONSIBLE PROSPECTIVE CONTRACTORS

(Revised August 30,, 2022 in accordance with DEVIATION 22-03)

Parent topic: PART 9 - CONTRACTOR QUALIFICATIONS

9.100 Scope of subpart.

The Defense Contractor Review List (DCRL) is an enterprise-wide tool for use by contracting officers to identify and communicate contractor performance, capability, and integrity issues for making determinations of responsibility and the effective administration of contracts. The DCRL has Special Attention Reason Codes that describe the basis for being on the list and Treatment Codes that provide recommended actions to contracting officers for mitigating risk. The DCRL includes contractors identified in SAM as debarred, suspended, proposed for debarment, or otherwise ineligible for award. SAM data takes precedence over DCRL data.

9.100-90 Business Decision Analytics (BDA) dashboard.

(a) The BDA dashboard is a decision support capability tool. It is available for use on an optional basis by contracting officers, acquisition specialists, product specialists, fraud counsel, and other personnel involved in the acquisition process. It identifies potential item, price, and supplier risk areas prior to award and recommends mitigation strategies to minimize these risks. It consolidates data from multiple sources (e.g., DUN and Bradstreet, Supplier Performance Risk System SPRS (formally PPIRS-SR NG), SAM, etc.) into one dashboard.

(b) Using the BDA dashboard does not reduce the contracting officer's authorities or responsibilities. For example, contracting officers shall not (1) use BDA data as the sole basis for making determinations of responsibility or price reasonableness; or (2) use supplier risk data in place of the SPRS Delivery Score and Quality Classification. When evaluating acquisition risk, contracting officers should consider using the BDA dashboard as an additional source of information to help mitigate risks of suspect suppliers, potential overpayment, and procuring counterfeit and/or non-conforming spare parts. In the event of any data inconsistencies, the originating data source takes precedence over BDA data.

(c) Conditions when contracting officers should consider using the BDA dashboard include, but are not limited to—

- (1) First time buys;
- (2) Long time between procurements;
- (3) Critical items;
- (4) First article;
- (5) Cases when prices have drastically increased;

(6) New suppliers; and/or

(7) Suspect suppliers.

(d) Contracting officers shall notify Office of Counsel (Procurement Fraud) and the DCRL Monitor of any suspect product or supplier activity for possible inclusion on the DCRL.

(e) Contracting officers shall document the contract file in Records Management.

9.104 Standards.

9.104-2 Special Standards.

Coordinate with the Food and Drug Administration (FDA) when developing special standards for drugs, biologics, and other medical supplies.

9.105 Procedures.

9.105-1 Obtaining information.

(S-90) When making determinations of responsibility, review the DCRL and comply with DCRL Special Attention Treatment Codes in Enterprise Central Component (SAP-ECC) and Supplier Relationship Management (SAP SRM/E Procurement).

(1) For the automated simplified purchasing process, the system checks the DCRL. An offeror debarred or suspended is deemed not qualified for award and not considered in automated evaluation. Low evaluated offers from offerors on the DCRL (for other than debarred and suspended) are rejected from the automated system for manual determination of responsibility.

(2) Contractors on the DCRL shall be considered for solicitation (except when the Special Attention Reason Code is "A" or the Special Attention Treatment Code is "08").

(3) When the DCRL Special Attention Treatment Code description states "review Contractor Performance History," request a Contractor Performance History.

(4) Confirm the information in SAM not more than four business days prior to award and document the contract file; except that contracting officers at DLA Maritime at Mechanicsburg, DLA Aviation Philadelphia DLR, DLA Land Warren, DLA Land at Aberdeen, and DLA Maritime at Norfolk Naval Shipyard have authority to confirm information in SAM not more than seven business days prior to releasing award in the Integrated Technical, Item Management and Procurement (ITIMP) contract-writing system in accordance with permanent DEVIATION 22-03.

(S-91) DCRL Monitors.

(1) Each Procurement Process Support Director shall designate a DCRL monitor. Referrals to the DCRL Monitor shall be for any of the reasons identified in the DCRL Special Attention Reason Code table below.

(2) DCRL Monitors shall review referrals for approval and execution of submission to add, amend, or remove a contractor to/from the DCRL in coordination with all DCRL Monitors. DCRL Monitors are responsible for maintaining the DCRL for their procuring organization and shall review the DCRL every month for currency.

(3) Contracting officers, product specialists or the Office of Counsel shall provide notification of contractor improvement and recommendation for DCRL removal to their DCRL Monitor if they become aware of circumstances that may warrant changes to the DCRL information.

(i) The contracting officer may discuss performance information included in the DCRL with prospective contractor(s). However, contracting officers must not discuss any information related to ongoing investigations of matters that potentially could result in Civil or Criminal False Claims Act litigation, or a suspension, notice of proposed debarment, or debarment action. "Investigations" would include those conducted by the Defense Criminal Investigation Service, the respective Military Services Investigation Agencies; the Federal Bureau of Investigation and any other Federal Investigative Agency. Contracting officers should consult with their Office of Counsel's Procurement Fraud Attorney if they have any doubt whether the release of information could potentially compromise the Government's ability to conduct a confidential investigation.

(S-92) The DCRL Review Board. The DCRL Review Board is responsible for reviewing actions of the DCRL Monitors and ensuring the contractor listing is accurate and current.

(1) Membership consists of all DCRL Monitors, Fraud Counsel, DLA Logistics Operations Technical and Quality Division, and the DLA Acquisition Compliance, Policy and Pricing Division. The DLA Acquisition Programs Division will chair the board meetings. The Board shall—

(i) Meet quarterly.

(ii) Review the list of the current authorized DCRL contractor entries.

(iii) Resolve any concerns or questions pertaining to the DCRL purpose and processes for entry or removal of a contractor from the DCRL.

(iv) Publish and provide minutes from meetings to the DLA Acquisition Director and the HCAs not later than ten business days after the DCRL Review Board meeting.

(2) Contractors shall be removed from the DCRL when—

(i) The conditions that warranted their inclusion on the DCRL no longer exist or have substantially improved; and/or

(ii) The DCRL Monitor determines that information provided by acquisition personnel is not sufficient to justify retention of the contractor on the DCRL.

(S-93) The DCRL Special Attention Reason Codes and Treatment Codes.

(1) Recommendations/instructions are cited for each supplier/CAGE code listed and are to provide visibility of known/potential areas of concern and actions that shall be taken to address such issues. When a preaward survey (PAS) (see [9.106-2](#)) results in a negative DCRL recommendation for a small

business who is the apparent successful offeror resulting in a negative responsibility determination, then an SBA Certificate of Competency is required. The only instances of “do not award” involve cases of debarment, suspension, and proposed debarment except as otherwise directed by the Fraud Monitor or Business Integrity (Fraud) Counsel.

(2) Special Attention Reason Codes. For DCRL Special Attention Reason Code A, the EProcurement “Debarment Status” field will be coded as: “D” for Debarment, a “P” for proposed debarment/suspension, or “S” for suspended.
