

SUBPART 27.90 - EXPORT CONTROL OF TECHNICAL DATA

(Revised August 30, 2022 through PROCLTR 2022-15)

Parent topic: PART 27 - PATENTS, DATA, AND COPYRIGHTS

27.9001 Policy.

Distribution, transfer, or disclosure of export-controlled technology, technical information, or data to foreign persons or companies may constitute an export under applicable export control regulations, requiring either an export license or an authorization for such distribution, transfer, or disclosure. The contracting officer shall comply with 4.7303-1, General; 25.7902-4, Procedures; DFARS 227.71, Rights in Technical Data; and DFARS PGI 225.7901-2, Export Control, General, to ensure that only contractors that meet the qualifications in STO RQ032, Export Control of Technical Data, have access to controlled technical data.

27.9002 Data subject to export control.

For EBS users when export control applies, STO CS003, Identifying Export Control Technical Data, appears on the purchase request (PR) trailer, and STO RQ032 appears in the POT.

27.9003 Contractor eligibility.

Contractors must have DLA controlling authority approval to be eligible for award, unless one of the exceptions at PGI 25.7902-4(S-92) applies.
