

## **32.905 Payment documentation and process.**

### (a) General.

(S-90)(1) Transporter proof of delivery (TPD).

(i) TPD is a commercial document generated by the contractor and/or the transporter of supplies and signed by the Government customer at time of delivery. TPD, in combination with adequate contractor documentation cross-referencing the TPD to the specific supplies provided, demonstrates customer receipt. Coupled with acceptance, this documentation allows the Government to initiate the payment process. The TPD process enables contractors to take advantage of existing wide area work flow (WAWF) functionality to execute the submission of proof of delivery documentation.

(ii) PD is not a substitute for any other requested receipt and acceptance documentation, such as the material receipt acknowledgement (MRA) or the WAWF receiving report (RR), but is a supplement to such documentation.

### (b) Content of invoices.

(S-90)(1) Transporter proof of delivery (TPD).

(i) DLA may accept supplies based on submission by the contractor of satisfactory documentation to demonstrate customer receipt of supplies under a specific contract or order in accordance with 32.905(a)(S-90)(1).

(ii) If the customer has submitted a supply discrepancy report (SDR) or MRA discrepancy indicator, payment shall not be made until the discrepancy is resolved.

### (c) Authorization to pay.

(S-90)(1) Transporter proof of delivery (TPD).

(i) Application. Contracting officers at DLA Aviation, DLA Land and Maritime, and DLA Troop Support shall insert procurement note H15, Transporter Proof of Delivery (TPD), in solicitations and awards for supplies when all of the following conditions apply:

(A) Contract deliveries will be made directly to DLA customers;

(B) Award will be made on a fixed-price basis;

(C) Inspection or acceptance at source is not required;

(D) Use of fast payment procedures is not authorized;

(E) Shipments to overseas destinations or to containerization consolidation points are not required;  
and

(F) Acquisition is not being conducted under the subsistence total order and receipt electronic system (STORES), Defense Medical Logistics Standard Support (DMLSS), Industrial Prime Vendor (IPV), or Integrated Logistics Partner (ILP) programs.

(ii) Transporter proof of delivery procedural guidance.

(A) Contract terms are as follows:

(1) Designate "inspection" and "acceptance" as "other;" and

(2) Designate the "Acceptor at Other" Department of Defense activity address code (DoDAAC) as follows:

(i) If "issue by" DoDAAC is SPM1 or SPE1, use SP1001.

(ii) If "issue by" DoDAAC is SPM2 or SPE2, use SP2001.

(iii) If "issue by" DoDAAC is SPM3 or SPE3, use SP3001.

(iv) If "issue by" DoDAAC is SPM4A1 or SPE4A1, use SP4001.

(v) If "issue by" DoDAAC is SPM5 or SPE5, use SP5001.

(vi) If "issue by" DoDAAC is SPM7L1 or SPE7L1, use SP7001.

(vii) If "issue by" DoDAAC is SPM7M1 or SPE7M1, use SP7001.

(viii) If "issue by" DoDAAC is SPM8 or SPE8, use SP8001.

(B) Financial customer liaison (FCL) and supply chain responsibilities are as follows:

(1) The FCL will initiate a request to the contractor for proof of delivery as appropriate in accordance with procure to pay (P2P) process cycle memorandum (PCM) 11, blocked invoice. When a contractor resubmits the wide area work flow (WAWF) receiving report (RR) with TPD documentation attached, the FCL will review the documentation to determine if sufficient information is provided to adequately demonstrate customer receipt. If not, the FCL will respond to the contractor and identify the additional information that must be submitted. If the documentation is satisfactory, and no discrepancy notification has been submitted by the customer, the FCL will accept the supplies in WAWF. This will generate a transaction resulting in the posting of a goods receipt in the enterprise business system (EBS), which will allow the payment process to begin.

(2) The customer is still required to submit the material receipt acknowledgement (MRA), and supply chains shall continue to ensure that follow up action is taken by appropriate personnel to obtain the MRA from the customer when it is not provided.
