The agency did an individual determination (FAR 25.103(b)(2)).  
No offer of a domestic end product was received, even though the acquisition was synopsized and conducted through full and open competition (FAR 25.103(b)(3)).

Mfg outside U.S -Public interest determination

The head of the agency has made a determination that domestic preferences would be inconsistent with the public interest (FAR 25.103(a)).

More than 50% of foreign content, but manufactured in United States (Actions prior to FY 2007 only) The action is for (i) A foreign end product that is manufactured in the United States but still determined to be foreign because 50 percent or more of the cost of the components is not mined, produced, or manufactured inside the United States or qualifying countries; or (ii) Services performed in the United States by a foreign concern.

Not applicable The action is NOT predominantly for acquisition of manufactured end products.

(3) Note that the first and second from the last options in the drop down box are to be used only for reporting of contracts awarded or orders issued prior to October 1, 2006.

(4) The other options in the drop down box apply only to contracts awarded and orders issued on or after October 1, 2006. If the solicitation for the contract contains the provision at FAR 52.225-18, Place of Manufacture (or the commercial product equivalent at FAR 52.212-3(j)), the contracting officer must review the successful offeror's response to this provision to select the correct option.

(i) Enter "Mfg in U.S." if the offeror has checked the box "In the United States."

(ii) If the offeror has checked the box "Outside the United States," enter one of the other options, depending on the predominant reason for acquiring end products manufactured outside the United States. These reasons correspond to the exceptions to the Buy American statute (FAR Subpart 25.1 and DFARS Subpart 225.1). Further explanation of these exceptions to the Buy American statute are available at the FAR and DFARS references provided in the long description for each option.

(5) For any contract awarded on or after October 1, 2006, when the solicitation did not include the provision at FAR 52.225-18, Place of Manufacture (or FAR 52.212-3(j)), and for any order placed on or after October 1, 2006, under a contract that did not include one of these provisions, the contracting officer shall use best judgment in estimating whether the acquisition is predominantly

for manufactured end products and whether the end products were predominantly end products manufactured in the United States or outside the United States, using the place of performance or other information that may be available to the contracting officer to assist in forming this judgment.
