

11-3. Insights on Demand

a. Insights on Demand (IOD) is the SmartPay®3 data mining (DM) tool used to monitor purchasing activity and perform oversight functions. IOD provides the capabilities to identify high-risk transactions and unusual spending patterns; scan purchasing activity for misuse, fraud, waste, and abuse; and flag transactions for review. Instructions on how to navigate and perform functions in IOD are in the servicing bank's IOD user guides and in the [Defense Pricing, Contracting and Acquisition Policy - Contracting eBusiness website](#).

b. GPC program officials must use IOD to perform the following actions:

1) Document Daily DM Case Reviews (includes BO DM Case Questionnaires and A/OPC DM Case Questionnaires), Monthly A/OPC Reviews (includes Monthly A/OPC Check List and Monthly A/OPC Review Report) and Semi-Annual Head of Activity (HA) Reviews (includes Semi-Annual HA Review Report).

2) Review all BO completed DM case reviews, and document any finding, determination, or corrective action taken by completing the A/OPC DM Case Questionnaire. Failure to complete required reviews in a timely manner may result in account suspensions.

3) Initiate and complete reviews of cases for each finding and disciplinary category determination they independently identify (i.e., not flagged by IOD).

c. **IOD Terminology.** IOD provides specific terminology in its reference document, "IOD Case and Review Status Definitions and Workflow," as well as when referring to the various levels of A/OPCs.

1) "CPM" refers to the Component Program Manager or Level 2 A/OPC.

2) "O AOPC" refers to the Oversight A/OPC or Level 3 A/OPC.

3) "AOPC" refers to the Level 4 A/OPC.
