13-1. Level 4 A/OPC Annual Management Assessment

- a. In addition to IOD monthly and semi-annual reviews, the Level 4 A/OPC must perform an annual assessment of their GPC program. This assessment will assist Level 4 A/OPCs in evaluating their GPC program's internal controls and overall compliance with the GPC program's objectives, policies, procedures, and best practices.
- b. Reports of reviews will provide information to each management level, identifying systemic weaknesses within their organization.
- c. The Level 4 A/OPC must complete the Level 4 A/OPC Annual Management Assessment template annually. The template and instructions are located at <https://armyeitaas.sharepoint-mil.us/sites/ASA-ALT-PAM-ProcProc/SitePages/GPC.aspx>. One assessment must be completed for each Level 4 A/OPC. Upon completion, the Level 4 A/OPC will provide the assessment to the Level 3 A/OPC. The Level 3 and 4 A/OPCs will take corrective action as needed and retain a copy for three years.
