1852.219-82 Limitation on subcontracting—STTR program.

As prescribed in 1819.7302(c), insert the following clause:

Limitation on Subcontracting—STTR Program (OCT 2006)

The Contractor shall perform a minimum of 40 percent of the work under this contract (total contract price including cost sharing if any, less profit if any). A minimum of 30 percent of the work under this contract shall be performed by the research institution. Since the selection of R&D contractors is substantially based on the best scientific and technological sources, it is important that the Contractor not subcontract technical or scientific work without the Contracting Officer's advance approval.

(End of clause)
