## 15.102 Oral presentations.

- (a) Oral presentations by *offerors* as requested by the Government *may* substitute for, or augment, written information. Use of oral presentations as a substitute for portions of a proposal can be effective in streamlining the source selection process. Oral presentations *may* occur at any time in the *acquisition* process, and are subject to the same restrictions as written information, regarding timing (see 15.208) and content (see 15.306). Oral presentations provide an opportunity for dialogue among the parties. Pre-recorded videotaped presentations that lack real-time interactive dialogue are not considered oral presentations for the purposes of this section, although they *may* be included in *offeror* submissions, when appropriate.
- (b) The *solicitation may* require each *offeror* to submit part of its proposal through oral presentations. However, representations and certifications *shall* be submitted as required in the FAR provisions at <u>52.204-8(d)</u> or <u>52.212-3(b)</u>, and a signed *offer* sheet (including any exceptions to the Government's terms and conditions) *shall* be submitted *in writing*.
- (c) Information pertaining to areas such as an *offeror*'s capability, *past performance*, work plans or approaches, staffing resources, transition plans, or sample tasks (or other types of tests) *may* be suitable for oral presentations. In deciding what information to obtain through an oral presentation, consider the following:
- (1) The Government's ability to adequately evaluate the information;
- (2) The need to incorporate any information into the resultant contract;
- (3) The impact on the efficiency of the *acquisition*; and
- (4) The impact (including cost) on small businesses. In considering the costs of oral presentations, contracting officers should also consider alternatives to on-site oral presentations (e.g., teleconferencing, video teleconferencing).
- (d) When oral presentations are required, the *solicitation shall* provide *offerors* with sufficient information to prepare them. Accordingly, the *solicitation may* describe-
- (1) The types of information to be presented orally and the associated evaluation factors that will be used;
- (2) The qualifications for personnel that will be required to provide the oral presentation(s);
- (3) The requirements for, and any limitations and/or prohibitions on, the use of written material or other media to supplement the oral presentations;
- (4) The location, date, and time for the oral presentations;
- (5) The restrictions governing the time permitted for each oral presentation; and
- (6) The scope and content of exchanges that may occur between the Government's participants and the *offeror*'s representatives as part of the oral presentations, including whether or not discussions (see 15.306(d)) will be permitted during oral presentations.

- (e) The *contracting officer shall* maintain a record of oral presentations to document what the Government relied upon in making the source selection decision. The method and level of detail of the record (*e.g.*, videotaping, audio tape recording, written record, Government notes, copies of *offeror* briefing slides or presentation notes) *shall* be at the discretion of the source selection authority. A copy of the record placed in the file *may* be provided to the *offeror*.
- (f) When an oral presentation includes information that the parties intend to include in the contract as material terms or conditions, the information *shall* be put *in writing*. Incorporation by reference of oral statements is not permitted.
- (g) If, during an oral presentation, the Government conducts discussions (see 15.306(d)), the Government *must* comply with 15.306 and 15.307.
