Accountable property includes all property purchased, leased (capital leases), or otherwise obtained having a unit acquisition cost of \$5,000 or more (land, regardless of cost), and items that are sensitive. Sensitive items require a high degree of protection and control due to statutory requirements or regulations, such as narcotics and drug abuse items; precious metals; items which are of a high value, highly technical, or a hazardous nature; and small arms, ammunition, explosives, and demolition material or classified. (See Volume 10, Table 61 of DoD 4100.39-M reference (k).) The card bears the individual's name and can be used only by that individual for official purchases in compliance with agency internal procedures. The term "CH" also applies to checkwriters on convenience check accounts. CHs are responsible for the timely and accurate processing of monthly CH statements and maintaining a purchase log or the servicing bank's automated system to record purchases. CHs must adequately control access to the card to preclude unauthorized use and take timely and proper action when unauthorized charges occur. Installation, unit, and local Heads of Activities or their designees nominates individuals from their organizations as CHs. business processes across the Army to enable cost management activities; provide accurate, reliable, and real-time data; and tie budgets to execution. GFEBS moves the Army from a “spend and consume culture” to a “cost and control culture” by providing value-added, decision-support tools. (FAR 2.101)

Improper Purchase - Reference: OMB Circular A-123 Appendix B. An improper purchase is any purchase that should not have been made or that was made in an incorrect amount under statutory, contractual, administrative, or other applicable requirements. Incorrect amounts include overcharges and undercharges. An improper purchase can be one of two types - unauthorized or incorrect:

- 1) **Unauthorized purchases** consist of items that are intentionally purchased and are outside of the cardholder's purchasing authority.
- 2) **Incorrect purchases** are mistakes that are the result of an unintentional error during the purchase process. A series of seemingly incorrect purchases may require additional scrutiny to determine whether these purchases are actually unauthorized purchases.

Inter/Intra-Governmental Transaction (IGT) - Transactions or payments between different federal agencies (inter-governmental) or within the same agency (intra-governmental). In most instances, these transactions are classified under Merchant Category Code 9399, Miscellaneous Government Services.

This category is

reportable to OMB and classified as Malicious Intent.

Javits-Wagner-O'Day (JWOD Act) - A law that establishes as an independent federal entity the Committee for Purchase From People Who Are Blind or People With Other Significant Disabilities. It establishes mandatory sources for supplies and services, administered by the Committee for Purchase from People Who Are Blind or Severely Disabled. Two national, independent organizations, National Industries for the Blind (NIB) and National Institute for the Severely Handicapped (NISH), help state and private nonprofit agencies participate in the AbilityOne Program.

Merchant Category Code (MCC) - A code used by the merchant (vendor's bank) bank to categorize each merchant according to the type of business in which the merchant is engaged and the kinds of goods and services provided. MCC codes are used as authorized-transaction-type codes on a card/account to identify authorized types of businesses from which purchases may be made with the GPC. DPCAP maintains the list of DoD-wide blocked codes. The Army Level 2 A/OPC is responsible to administer and record any waiver requests to these blocks.

Misuse - Unintentional use of the GPC in violation of the FAR, DFARS, Agency supplements, or Agency policies/procedures. These actions are the result of ignorance and/or carelessness, lacking intent. This category is reportable to OMB and classified as Unintentional.

OCONUS - *Outside the Continental United States (OCONUS)* - Any area beyond the 48 contiguous States and the District of Columbia, *i.e.*, CONUS. OCONUS is further divided into foreign areas and non- foreign areas:

- 1) Foreign area - Any area situated beyond both the CONUS and the non-foreign areas.
- 2) Non-foreign area - The states of Alaska and Hawaii, the Commonwealths of Puerto Rico and the Northern Mariana Islands, Guam, the U.S. Virgin Islands, and the territories and possessions of the United States.

Packing List/Slip - (also known as a bill of sale, unpacking note, packaging slip, (delivery) docket, delivery list), is a shipping document that accompanies delivery packages, usually inside an attached shipping pouch or inside the package itself. It commonly includes an itemized detail of the package contents and does not include customer pricing. It serves to inform all parties, including transport agencies, Government authorities, and customers, about the contents of the package. It helps them deal with the package accordingly.

Pre-Purchase Approval - When required and identified by Army or local procedures, documentation showing authority has been obtained to purchase special-use items such as IT or hazardous material.

Prompt Payment Act - A law that requires prompt payment of invoices (billing statements) within 30 days of receipt (FAR Clause 52.232-25, Prompt Payment, (May 1997)). An automatic interest penalty is required if payment is not timely.

Receipt - A receipt is a written record of a transaction documenting proof of payment. The receipt acts as the title to the property obtained in the exchange. A receipt is a legal document which serves as a permanent record of the transaction that can be used to support financial records (*i.e.*, billing official invoice). Internet shopping has led to the creation of electronic receipts. Many online businesses provide the cardholder with the option of printing a receipt of the transaction as soon as the payment is approved. In addition, the vendor may provide the cardholder with an email copy of the receipt. The receipt includes basic information about the nature of the sale. This essential detail

includes the date of the transaction, a list of the prices of the items purchased, subtotal, applicable taxes, and a final total.

Some receipts will provide unit prices and extended prices when multiple units of the same item are purchased, as well as a detailed description of each item.

Required or Mandatory Sources of Supply - The priority of sources is dictated by FAR Part 8, Required Sources of Supplies and Services, Subpart 8.001, Priorities for Use of Government Supply Sources, and DFARS 208. Mandatory sources must be considered before an open-market source can be considered. Other mandatory sources include DLA Printing Services, Army CHESS, Army BPAs.

Resource Manager (RM) - RM is a Certifying Officer who certifies that funds are available for the GPC program and establishes lines of accounting used on the GPC program. The RM is responsible for the proper assignment of funding on an obligation document before the obligation is incurred, and for maintaining a system of positive funds control.

Split Purchase - Occurs when a CH splits a known requirement at the time of the purchase into several transactions to circumvent dollar thresholds in order to use the GPC; to avoid competitive bids for purchases over the MPT; or to avoid other established credit limits (this is prohibited). When a known small purchase requirement exceeds the MPT, it must be purchased through a contract using simplified acquisition procedures.

Third-party Payments - An online payment processor (e.g., PayPal, Square) provides ways for a merchant to accept credit cards and other payments online without the extra cost and obligation of a merchant account. Where it is identified that a purchase will be processed via a third-party merchant (i.e. PayPal), the CH should make every attempt to choose another merchant with whom to procure the goods and/or services. If still found necessary to procure using a third-party payment merchant, the CH and BO must ensure there is adequate supporting documentation to prove that there was a detailed review of the purchase and that the use of the third-party payment merchant was unavoidable.

Transactions made with a third-party payment merchant are considered high risk for both subsequent audit and data mining screening.

Third-Party E-Commerce Merchants - Third-party merchants are entities that fulfill orders on e-commerce platforms who are NOT the platform providers themselves. These individual merchants might offer products for sale on various online marketplaces, such as AmazonBusiness.com.

Third-Party Payment Processors - Commercial financial service providers offering on-line payment solutions for commercial transactions. These processors own merchant accounts that allow them to accept and process purchase card payments on behalf of merchants who provide supplies and services. Many merchants choose to utilize third party payment processors to accept payments without having to establish a merchant account through a merchant bank. Examples include PayPal, Venmo, or Square.

Training - Commercial Off-the-Shelf Training - is defined as training products and services regularly available to the public and/or Government personnel. The term includes training offered in catalogs or other printed material by a college, university, professional association, consultant firm or organization. It does not include training specifically developed, designed, and produced to meet requirements unique to an organization and/or program. **Non-Government training** sources include, but are not limited to:

1) State government or instrumentality;

2) Interstate government organization;

3) Medical, scientific, technical, educational, research, or professional institutions, foundations or organizations; and,

4) Universities, technical, business, and vocational schools, business, commercial, or industrial firms, corporations, partnerships, proprietorships, or other organizations.

United States - The 50 States and the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands, the Commonwealth of the Northern Mariana Islands, Guam, American Samoa, Wake Island, Johnston Island, Canton Island, the outer Continental Shelf lands, and any other place subject to the jurisdiction of the United States (but not including leased bases).
