

## **742.1170-5 Activity Monitoring, Evaluation, and Learning Plan requirement and contract clause.**

(a) When the requiring office needs information on how the contractor expects to monitor implementation performance and context, conduct or collaborate on an evaluation, and generate evidence to inform learning and adaptive management, the contracting officer may require the contractor to submit an Activity Monitoring, Evaluation, and Learning Plan (AMELP) tailored to specific contract requirements. For more information on monitoring, evaluation, and learning during the design and implementation of activities, see ADS Chapter 201 at <https://www.usaid.gov/about-us/agency-policy/series-200/201>.

(b) Unless instructed otherwise in writing by the requiring office, the contracting officer must insert the clause at 752.242-71 in section F of solicitations and contracts exceeding the simplified acquisition threshold, except as specified in paragraph (c) of this section. The contracting officer may insert this clause in other USAID contracts if the contracting officer, in consultation with the requiring office, determines that an Activity Monitoring, Evaluation, and Learning Plan is necessary, as provided in paragraph (a) of this section.

(c) The clause is not required to be included in contracts for:

(1) Supplies and services that USAID acquires for its own direct use or benefit;

(2) Emergency food assistance under the Food for Peace Act or section 491 of the Foreign Assistance Act of 1961, including for the procurement, transportation, storage, handling and/or distribution of such assistance;

(3) International disaster assistance under section 491 of the Foreign Assistance Act of 1961 or other authorities administered by the Bureau for Humanitarian Assistance; or

(4) Activities managed by the Bureau for Conflict Prevention and Stabilization's Office of Transition Initiatives, or fully or partially funded with the Complex Crises Fund.
