### ACQUISITION ALERT 2026-18

TO: Heads of Contracting Activities

FROM: Christopher J. Rosier **CHRISTOPHER ROSIER** Digitally signed by CHRISTOPHER ROSIER  
Acting Deputy Assistant Secretary for the Office of Acquisition Management  
Acting Senior Procurement Executive

SUBJECT: FAR Class Deviation for FAR Part 53 in Support of Executive Order 14275, Restoring Common Sense to Federal Procurement.

- 1. Purpose.** This Acquisition Alert (AA) adopts a class deviation to Federal Acquisition Regulation (FAR) Part 53 for purposes of implementing the Federal Acquisition Regulatory Council's (the Council's) model deviation text to FAR Part 53.
- 2. Background.** On April 15, 2025, the Executive Order (E.O.) 14275 on Restoring Common Sense to Federal Procurement was signed. Section 2 of the E.O. establishes the policy that the FAR "should only contain provisions required by statute or essential to sound procurement, and any FAR provisions that do not advance these objectives should be removed." On May 31, 2025, the enclosed class deviation was issued for the use of all Revolutionary FAR Overhaul (RFO) model deviation texts and corresponding EDAR deviations.
- 3. Summary of Changes.** FAR Part 53, Forms, has been streamlined and modernized. Most significantly, rather than maintaining a list of forms within the part text, it directs users to a centralized site (<https://acquisition.gov/FARforms>) as the authoritative repository for all acquisition related forms. As a result, this part no longer needs to be amended through the formal rulemaking process every time a form is updated, added, or removed. This drastically reduces the administrative burden on the FAR Council and increases the government's agility in managing its library of forms. The "Forms List" referenced in the new 53.101(b) now performs the prescriptive function previously handled throughout this entire subpart, shifting the FAR's role from a static, self-contained text to a dynamic system that points to live, authoritative resources.

Readers should reference the table at <https://acquisition.gov/FARforms> to review retained forms and their citations for prescribed use throughout the FAR.

The clause 52.253-1, Computer Generated Forms, is retained and updated. The

[www.ed.gov](http://www.ed.gov)

update deletes a reference to the FAR prescriptions, in paragraph (a).

This part does not directly implement any statutory requirements.

#### **4. Instructions.**

- The Department of Education’s acquisition workforce shall follow the RFO Part 53 and corresponding 52 model deviation text instead of FAR Parts 53 and 52 as codified at 48 CFR Chapter 1. The Council’s RFO Part 53 model deviation text is available at <https://www.acquisition.gov/far-overhaul/far-part-deviation-guide/far-overhaul-part-53> and is incorporated into this class deviation. There is no EDAR Part 3453 and therefore no corresponding changes to EDAR are necessary.
- For new solicitations or contracts, when using any provisions or clauses that have been revised, utilize the RFO model deviation language at <https://www.acquisition.gov/far-overhaul/far-part-deviation-guide/far-overhaul-part-52>.
- For open solicitations or awarded contracts, the contracting officer has discretion regarding the need to enforce or amend the provisions or clauses. Note that without some of the removed provisions or clauses, the contracting officer may be required to separately address certain aspects in the contract.
- Review templates and related standard operating procedures to align with this deviation and remove unnecessary processes and steps.

- 5. Training.** Acquisition Professionals are highly encouraged to complete “Practitioner Album: FAR Part 53 – Forms” at [https://www.acquisition.gov/sites/default/files/practitioner\\_albums/far-part-53-forms/content/index.html](https://www.acquisition.gov/sites/default/files/practitioner_albums/far-part-53-forms/content/index.html) within 30 days. Please complete the Practitioner Album and mark “yes” under the completion attestation within FAI CSOD.
- 6. Effective Date.** This class deviation to FAR Part 53 is effective January 30, 2026, and remains in effect until rescinded or incorporated into the FAR.
- 7. Points of Contact.** Direct questions regarding this class deviation to your respective policy points of contact.
- 8. Enclosure.** Determination and Findings - Class Deviation for the Revolutionary FAR Overhaul

**DETERMINATION AND FINDINGS**  
Department of Education, All Contracting Activities  
Class Deviation for the Revolutionary FAR Overhaul

This approves a class deviation to all Federal Acquisition Regulation (FAR) and Department of Education Acquisition Regulation (EDAR) parts for purposes of implementing the Federal Acquisition Regulatory Council's (the Council's) model deviation text.

**Findings**

On April 15, 2025, the Executive Order (E.O.) 14275 on Restoring Common Sense to Federal Procurement was signed. Section 2 of the E.O. establishes the policy that the FAR "should only contain provisions required by statute or essential to sound procurement, and any FAR provisions that do not advance these objectives should be removed."

The FAR is being updated to:

- Remove language that is not required by statute
- Remove duplicative or outdated language
- Clarify or provide more plain language
- Revise language for the new FAR framework
- Retain language necessary for governmentwide acquisition standards

This project is referred to as the Revolutionary FAR Overhaul (RFO) initiative.

In explaining the Federal Acquisition System, the RFO FAR Part deviation text establishes bedrock principles. Most centrally, it sets a "mission first" message at the top of the guiding principles. The RFO model deviation also increases the emphasis on the best use of taxpayer dollars and calls out the value of time as another guiding principle. Additionally, it retains a focus on satisfying the customer, maximizing use of commercial products and services, promoting competition, and encouraging innovation.

The FAR Council Deviation guidance allows for agencies to deviate agency acquisition regulation supplements as it relates to the RFO.

**Determination**

In accordance with FAR 1.404 and EDAR 3401.404, I hereby issue a class deviation for the use of all RFO model deviation texts and corresponding EDAR deviations. The adoption date for each RFO part model deviation text will be the date of the corresponding Acquisition Alert. EDAR deviation texts may be issued in a separate Acquisition Alert. All Department of Education contracting activities must follow the RFO model deviation texts instead of the FAR Parts codified at 48 CFR. Should the language of the RFO FAR contradict any statutorily granted procurement authorities to the Department of Education including the Office of Federal Student Aid, the statutorily granted authorities prevail.

In the unlikely event that the Department wishes to vary from a RFO model deviation text, a separate deviation will be issued. This class deviation will remain in effect until incorporated into the FAR, EDAR or rescinded.
