SUBJECT: Class Deviation for Federal Acquisition Regulation Part 1 in Support of Executive Order on Restoring Common Sense to Federal Procurement

1. **Purpose:** To issue a class deviation to Federal Acquisition Regulation (FAR) Part 1 for purposes of implementing the FAR Council's model deviation text to FAR Part 1.

2. **Effective Date:** Immediately.

3. **Expiration Date:** Expires when incorporated into the FAR or is otherwise rescinded.

4. **Background:** On April 15, 2025, the Executive Order (E.O.) 14275 on Restoring Common Sense to Federal Procurement was signed. Section 2 of the E.O. establishes the policy that the FAR "should only contain provisions required by statute or essential to sound procurement, and any FAR provisions that do not advance these objectives should be removed."

The FAR is being updated to:

- Remove language that is not required by statute
- Remove duplicative or outdated language
- Clarify or provide more plain language
- Revise language for the new FAR framework
- Retain language necessary for governmentwide acquisition standards.

This project is referred to as the Revolutionary FAR Overhaul (RFO) initiative. In explaining the Federal Acquisition System, the RFO FAR part 1 model deviation text establishes bedrock principles. Most centrally, it sets a "mission first" message at the top of the guiding principles. The RFO FAR part 1 model deviation also increases the emphasis on the best use of taxpayer dollars and calls out the value of time as another guiding principle. Additionally, it retains a focus on satisfying the customer, maximizing use of commercial products and services, promoting competition, and encouraging innovation.
