Common Sense to Federal Procurement

To: Heads of the Contracting Activities

1. Purpose. This memorandum approves a class deviation to Federal Acquisition Regulation (FAR) Part 18 for purposes of implementing the FAR Council's model deviation to FAR Part 18.

2. Background. [Executive Order \(E.O.\) 14275, Restoring Common Sense to Federal Procurement](#), signed April 15, 2025, mandates a comprehensive review and simplification of the Federal Acquisition Regulation.

The FAR is being updated to:

- Eliminate non-statutory language
- Remove redundant or obsolete language
- Enhance clarity through plain language
- Align with the new FAR framework
- Preserve essential governmentwide acquisition standards

This project is referred to as the Revolutionary FAR Overhaul (RFO) initiative. This initiative will make the FAR more concise, understandable, and focused on core procurement requirements

3. Summary of Changes. FAR Part 18, Emergency Acquisitions, has been updated to streamline the acquisition flexibilities available for emergency acquisitions, and to retain increased thresholds, commercial procedures, and award preferences during an emergency.

Statutory requirements retained in the RFO FAR Part 18 deviation include, but are not limited to:

- 41 U.S.C. § 1903, Special Emergency Procurement Authority
- 42 U.S.C. Ch. 68, Stafford Disaster Relief and Emergency Assistance Act
- 22 U.S.C. § 2292b, International Disaster Assistance
- 46 U.S.C. § 55305, Cargo Preference Act of 1954
- 41 U.S.C. § 153, Contract in Support of Humanitarian or Peacekeeping Operation
